**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have received my internet from Sonic.net for the last decade. They provide competitive product, at a compelling price point, with superb customer service reachable at all times - this is totally different than my experience with the large providers who seemed little interest in providing good service, and want to monopolize service and merge to be able to increase rates.

And you want to cut out the smaller providers? This is an insane policy in service of the large providers while ignoring the needs of consumers.

STOP IT.
